

Do you wanna be in my gang?

The Gangs of New York (Part 2)

We already met the Anglo-Zionist gang in part one. Now it is time to meet the other gang which I have called the Globo-Bolsheviks.

Do you wanna be in my gang, my gang, my gang?

Do you wanna be in my gang, oh yeah?

*.....I'm the leader, I'm the leader, I'm the leader of the gang, I am
I'm the leader, I'm the leader, well, there's no one like the man I am*

Do you recognise the lyrics? They come from “I’m the Leader of the Gang (I Am)” by glam rocker Garry Glitter who was imprisoned for paedophilia. The next gang we are going to be looking at is deeply engaged in child sexual trafficking. They also want to break down all societal norms with the rainbow flag of a hyper-sexualized culture displacing the national flag; the intensely individualist lifestyle supplanting any connection to the nuclear family tradition, and Western society becoming a bubbling cauldron of dreams and desires so multitudinous that nothing short of martial law will be able to control it. Similar to the Anglo-Zionist gang they also virtue signal but unlike them they do not use religion but rather individual

freedom, egalitarianism, diversity etc. They promote “open borders” and “democracy”. George Soros is the poster boy for this movement and he has his tentacles [everywhere](#) his [malign](#) influence even reaches into [Australia](#). The push for open borders fractures society and encourages [child trafficking](#) with many of the NGO’s becoming fronts for [illegal activity](#).

The Globo-Bolshevik gang is obviously much bigger than George Soros just as the Anglo-Zionist gang is much bigger than just Trump. They are mere figureheads. It is notable that the very things that this gang openly virtue-signals for is the opposite of what it achieves. For example, Soros seeks to prevent corruption in the Ukraine and to this end he has created two anti-corruption bodies and restructured the judiciary. The result is the most corrupt country in Europe.

Similarly, they are very big on preventing child exploitation and this is done through a number of charities and NGO’s including the [Clinton Foundation](#). And yet, despite a coordinated global effort child exploitation **has greatly increased**.

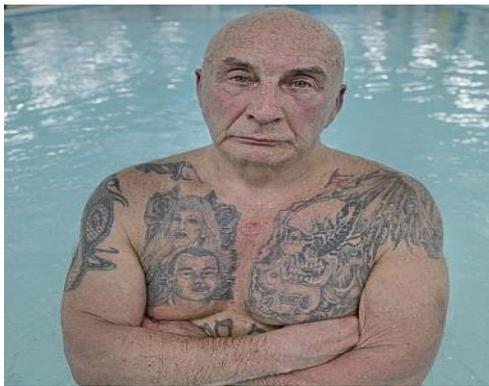

Conspiracy Theory

Of course, I hear you say, it is all a conspiracy theory. Unfortunately, I wish it was true, but people do very evil things. There is a lot of money to be made by criminal organisations and it is ideal as a tool for blackmail. Moreover, it fits the ideology of those political psychopaths who see themselves as above morality or any form of law. They are superior (gods) answerable to no one. They desire a hugely reduced population that can be easily controlled. They only want a few obedient workers, much of the labour will be done by

robots and AI. They are apex predators and the remaining population will be for their pleasure and sport. They expect to become transhuman – advanced humans supplemented by technology and DNA manipulation. Therein lies true madness and wickedness.

Gangsterism

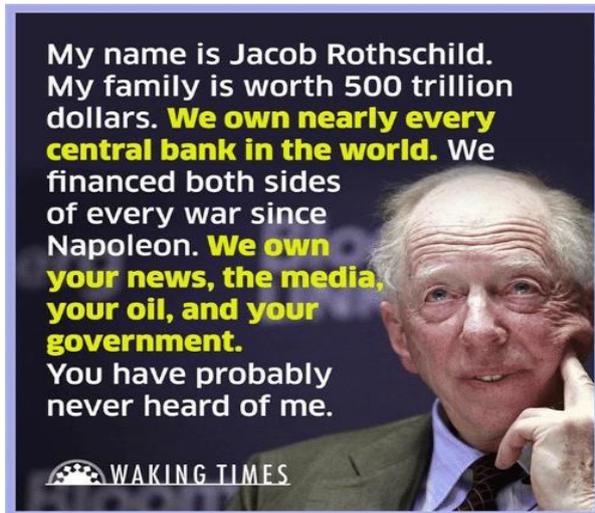

[Jewish Russian mobster](#)

The line between politics and gangsterism is completely blurred. A veneer of civilization and ethics is on display to allow the distracted masses plausible deniability and to present their political agenda as virtuous. They are often connected with the [Jewish Mafia](#) usually presented by the press as [Russians](#). They are actually Russian Jews. This is exactly what they did with the predominately Pakistani child

rapists in the UK by calling them Asians. Israel seems to be a [hub](#) for sexual slavery, particularly from Ukraine and Russia but operations occur [globally](#). Israel benefits to the tune of a [half billion dollars](#) from the sex industry. However, they do seem to be making efforts to clean up their [image](#).

Cultural Marxism, Eco-fascism and bankers

Cultural Marxism of the Jewish Frankfurt school is employed to divide and fracture society. A people that are divided and distracted are easily controlled. The education system is infiltrated in order to brainwash the next generation and Mainstream Media (MSM) and Hollywood propagandize the public. Meanwhile the banking oligarchy represented by the Central Banks have jumped onto the “green” [bandwagon](#). Do you think it is because they are so concerned for the environment? They want *financial regime change* and a bankers

dictatorship. All this is made possible through technocracy and using energy/carbon to [control population](#) which is all part of [UN Agenda 21](#). With the roll out of 5G and the “internet of things” we are headed for a complete surveillance state. Everything will be monitored and controlled. Dissent will see people ex-communicated from the system, effectively not able to buy or sell.

So, do you wanna be in my gang, my gang, my gang?
